Every eligible American citizen should know how to register to vote. I’m so proud of my work with National Voter Registration Day helping make that happen.”

– John Merrill,  
Secretary of State of Alabama

What is National Voter Registration Day?

Every year millions of Americans find themselves unable to vote because they miss a registration deadline, don’t update their registration, or aren’t sure how to register. National Voter Registration Day seeks to help eligible voters across the country participate in our democratic process.

On National Voter Registration Day, volunteers and organizations from all over the country will “hit the streets” in a single day of coordinated field, technology, and media efforts to create broad awareness of voter registration opportunities and reach voters who may not register otherwise.

National Voter Registration Day has been endorsed by the National Association of Secretaries of State (NASS). It is further supported by the National Association of State Election Directors (NASED). Every year, thousands of partners – businesses, nonprofits, universities, election offices, and more – help make the holiday a success.

In 2019, National Voter Registration Day will be observed on **Tuesday, September 24th**.

National Voter Registration Day is one of the best opportunities out there for election administrators to connect with the eligible voters of their communities.”

What can elections officials do to support National Voter Registration Day on Tuesday, September 24, 2019?

1. **Sign up to be a National Voter Registration Day partner.** Receive free materials, training and support, all while setting an example for other elections officials across your state and the nation.

2. **Issue a call to action for others in your community to join in the National Voter Registration Day effort.** Election officials can play a leadership role in getting nonprofits, businesses, libraries, schools, and others to join in this broad, nonpartisan effort to register every eligible voter. There were over 4,000 partners in 2018.

3. **Promote National Voter Registration Day via your county, municipal, or state election office’s social media channels.** Last year, election officials played a key role in promoting #NationalVoterRegistrationDay on social media.
