

Conducting a Voter Registration Drive in Iowa

Voter Registration Deadlines

- Iowa allows Election Day registration at the polls.
- Applications for registration before Election Day must be postmarked by 15 days before Election Day or received by 5 p.m. 10 days before Election Day (must be received 11 days before if the election is not a general election).
- A specific turnaround time applies to voter registration drives turning in applications they collect under certain circumstances. See below.

Getting Started

Training Requirement: Iowa does not require training for registration drives, but the [Iowa Secretary of State's website](#) provides guidelines for soliciting voter registration and absentee requests.

Notification and Registration Requirements: Iowa does not have notification requirements for registration drives.

Compensation Restrictions: Iowa law allows voter registration organizations to pay their employees, but only for their employees' time. Do not pay registration drive participants based on how many registrations they complete.

Paying, offering to pay, or receiving compensation based on the number of registration forms completed, or the party affiliations shown on completed forms, or on any other performance criteria, is illegal. This does not apply to political committees.

Obtaining Applications

State Form: The state mail-in voter registration application can be downloaded at the [Secretary of State's website](#). Groups should [contact their county auditor](#) for forms at cost.

Federal Form: The [federal mail-in voter registration application](#) may be used in voter registration drives and may be obtained from the state commissioner of elections.

Photocopying Blank Forms: Blank applications may be photocopied and used in voter registration drives.

Handling Applications

Incomplete Applications: A person assisting another in completing a voter registration form may not complete any portion of the form without the knowledge or consent of the registrant.

Photocopying Completed Applications: There is no law or rule prohibiting photocopying or retaining information from completed registration applications. **As a best practice, a voter's date of full or partial Social Security number and/or driver's license number should not be retained.**

Submitting Completed Applications: Groups who collect forms on behalf of a political party, nonparty political organization, candidate or committee must submit collected registration forms to the appropriate county auditor within seven days of receiving the form, and if they collect a completed voter registration form from an applicant within three days of the voter registration deadline, they must submit the form to the appropriate commissioner within 24 hours of receiving the form, and not later than the registration deadline. Otherwise, completed voter registration applications should be postmarked no later than the 15th day before the election or submitted no later than 5 p.m. on the 10th day before a general election (or the 11th day before a primary election) to the [appropriate county auditor](#). Applications can also be delivered or mailed to Elections Division; Office of the Secretary of State; Lucas Building 1st Floor; 321 E. 12th Street; Des Moines, IA 50319.
